Certification (1988)

Prehistoric Field Research
Certification (1986)

PROFESSIONAL EXPERIENCE

Tlingit Name: Gagaan Shaawát, Adopted Kaagwaantaan Eagle Clan

Due to her strong background in history and architecture at Univ. of Penn, she was one of the few in the United States to be certified for both Prehistoric Field Studies and Historic Archaeology by the Society of Professional Archaeologists. These tools have served her well as Research Director and Principal Investigator on over 2,000 jobs for the oldest cultural resource management firm, SRS Corp (est. 1973) in Southern California, utilizing archaeological, historic, ethnographic, and geophysical studies. Within the last eight years, Dr. Wiley has expanded her expertise to include intensive training in Native American cultural studies and has worked as a Tribal Archaeological Consultant for the Chilkoot/Chilkat Tlingit in Haines and Klukwan, Alaska. She has obtained certifications in NEPA compliance and cultural resources, and application of federal standards to the identification, management, consultation and protection of Native American Traditional Cultural Places and Sacred Lands. Dr. Wiley is married to Tlingit/Southern Tutchone Native, Ted Wiley, and has been adopted into the Tlingit Eagle-Kaagwaantaan-Wolf House and the elite *Yanwaa Shaá*. For the last 8 years she has worked with prehistoric and historic sites in SE Alaska. Dr. Wiley was an Adjunct Professor at University of Alaska Southeast for four consecutive summers, where she runs the Native Archaeological Training Program in Haines/Klukwan, Alaska. Since 2013, Dr. Wiley has been Director of the Chilkat Historic Preservation Office (CHPO) for the Chilkat Indian Village.
